Wooden Chevron Tiles

Fixing, Grouting, Cleaning & Maintenance Guide

SUITABILITY

Only suitable for dry areas, not suitable for wet areas such as wet rooms, bathrooms, showers, splashbacks or anywhere they will be exposed to excessive moisture.

FIXING

All surfaces to be tiled should be primed and allowed to dry thoroughly before tiling. Use adhesives suitable for wood.

GROUT

No grouting required. Use varnishes, oils and waxes to seal the wood if required. We recommend that testing various products to achieve the depth of colour you require.

CLEANING AND MAINTENANCE

No special cleaning or maintenance is required, please note that the use of certain acid cleaning products may cause some of our mosaics to react and change in character. We recommend the use of pH neutral cleaning products on our mosaics. It is advisable to test a new cleaning product on a small inconspicuous area before use.
